Supplemental Funding for CCDR Studies

Special Effort Funding approved for the following CCDR protocols:

- **WF 1805CD: HN STAR**: $2500 in start-up fees + $500 per patient to
Control Arm: $1000 per patient to Intervention Arm

- URCC 18004CD: Drug Shortages: $2500 in start-up fees
- URCC 110CD: ENABLE: $2500 in start-up fees + $1000 per patient

New Amendment Widens Eligibility for WF 30917CD–Telehealth protocol

The Telehealth Study focuses on Cancer Survivors (6–60 months post-treatment) with anxiety and/or depression utilizing a Stepped-Care Telehealth mental health intervention that is tailored to an individual patient's symptom level. Previously the study required participants to reside in a "rural" zip code, however with the new amendment, that restriction has been eliminated. Click here to access Training Slides and please let Melyssa know if your site wishes to participate.

Wake Forest Cancer Control

Upstate Carolina NCORP and Spartanburg Medical Center received plaques for recognition from Wake Forest to Cancer Control Studies.

Keep up the Great Work!
Spartanburg Medical Center (pictured above)
